About my Diploma,

I am still waiting for my professor to finish grading my thesis, so I sadly do not have a final Diploma yet. I attach a copy of my current grades and my study progress certificate. I hope that is enough for you but if it is not, I could get a certificate of passing or wait with my application for my professor to finish grading my thesis. Please just write me an email in this case

If you care about my final grade, this is a bit more complicated to calculate, since the RWTH has special rules about excess courses and I have done alot of them, but I have some projections depending on my final grade [here](#)

Sincerely,

Simon Klüttermann
