CV Simon Klüttermann

I strongly suggest not reading this here, since this is just a port of my better (online) CV, which you find at http://www.psorus.de/s/cv.html

timeline

1997	born in mönchengladbach (germany)
2015	finished school (franz meyers gymnasium)
later that year	started studying physics (@RWTH university)
2018	finished bachelor studies
	see Thesis abstract or Thesis download aswell as my Grades or my [LI:download_zeugniss_bachelor testimony
2020	finished master studies
	see Thesis abstract or Thesis download aswell as my Grades
final grades	depending on my master thesis somewhere between 1.4 and 2.6 (more)
update 29.01	probably 1.6
